

# User Guide

- Enter command 'git clone <https://github.com/priyansh-pm/PLP-PM-2021-02-28-EBA5004-GRP7-VACCINALYTICS.git>' to download the entire code.
- Navigate to [Vaccinalytics](#) folder inside [SystemCode](#) folder.
- Find the requirements.txt file and run the command 'pip install -r requirements.txt' to install all the packages that are required.
